Meetings: Second Monday Every Month
7:30 P.M.

JON A. BLEGEN, Manager
CAROL EVKHANIAN, Biologist
VICTOR BARACOSA, Supervisor
TAMI WRIGHT, Sec./Bkpr.

MINUTES OF THE MEETING OF APRIL 14, 2008 BOARD OF TRUSTEES OF THE SOLANO COUNTY MOSQUITO ABATEMENT DISTRICT

1. Call to order:

President Mike White called the meeting to order at 7:32 p.m. in the Solano County Mosquito Abatement District Building, 2950 Industrial Court, Fairfield, CA.

2. Pledge of Allegiance:

President Mike White led the pledge of allegiance.

3. Roll call:

Present Trustees: J. Rankine, M. White, C. Tonnesen, J. Anderson, J. Gallagher and R. Schock.

Absent Trustees: H. Lute

Also in attendance:

Jon Blegen
Tami Wright

4. Minutes of the meeting of March 2008.

Unanimously approved as mailed on motion by Trustee C. Tonnesen seconded Trustee J. Anderson.

5. Examination of Manager's Report for the month of March 2008.

President M. White asked about the distribution of West Nile virus "Fite the Bite" materials. Manager Blegen explained that distribution is normally coordinated through the Solano County West Nile Virus Task Force. He also stated that the next task force meeting is scheduled for April 21, 2008 and the issue of distribution would be taken up at that time.

Accepted as written.

6. Payment of Bills for March 2008:

President White asked about the Adapco bill of \$38,302.76. Manager Blegen stated that Adapco supplies the district with pesticides. He also stated that this is a normal expense for this time of year to respond to production of mosquitoes out of Mare Island, plus the ongoing need to treat swimming pools throughout the county.

Unanimously approved on motion by Trustee C. Tonnesen seconded Trustee J. Anderson.

7. Examination of Financial Sheet for the month of March 2008:

Accepted as written

8. This time is reserved for members of the public to address the Board relative to matters of Board Business:

No one addressed the board.

9. Correspondence:

a. None

10. New Business:

- a. Consideration/Action on Resolution No. 08-01 WEST NILE VIRUS AND MOSQUITO & VECTOR CONTROL WEEK.

Manager Blegen informed the board that this resolution is considered each year at the same time as the state legislature adopts a similar resolution. Blegen also said that proclamations containing the same language had been sent to all the cities in the county, as well as the board of supervisors. Blegen planned to appear before the Suisun City Council on April 15, 2008 to accept the proclamation. President White agreed to accept Benicia's on the same date, and Trustee Schock offered to attend the meeting of the board or supervisors on April 22, 2008 where the proclamation will be addressed as part of the consent calendar. Blegen also stated that Fairfield had already adopted the proclamation; however, a response had not been received from Vacaville, Dixon or Rio Vista.

Unanimously approved on motion by Trustee J. Anderson seconded Trustee C. Tonnesen.

- b. Compliance with ethical training for board members under Assembly Bill 1234

Manager Blegen advised the board that every two years each trustee must complete an ethical training course and the present members of the board must do so this year. He acknowledged that Trustee Rankine and President White had already completed the training and that the rest of the members could go on line through the Special Districts Risk Management Authority and complete the training. Written instructions were provided in the trustees' packets.

- c. Appointment of Budget Committee for Fiscal Year 2008-2009.

President White appointed Trustee's R. Schock, J. Gallagher, J. Rankine and himself.

- d. Discussion of senate Bill 1326.

Manager Blegen gave a brief description of the history of this bill. Senator Ducheny authorized this proposed legislation as a direct result of problems that have surfaced in the administration of the Coachella Valley MVCD. Originally the bill attempted to prohibit the ability of a district to create or increase the levy of a benefit assessment if the district had in excess of 10% of its budget in unallocated reserves. Through the efforts of MVCAC Legislative Advocate Ralph Heim and President David Brown, this language has been eliminated. As it now stands, it would require a district to respond to any irregularities in its audit and provide the same to each city and the board of supervisors responsible for appointing members to the district board of trustees. It also would require the district to advise those same entities and offer to meet and discuss the matter in advance of conducting the public hearing required prior to establishing a benefit assessment or increasing the levy under one already in place. MVCAC is now supporting the legislation. Blegen also pointed out that it does not affect our district in that we do not have a benefit assessment at the present time.

11. Unfinished Business:

- a. Report on A T & T request for an easement along the back boundary of 2950 Industrial Ct. property.

Blegen related the history of this request and informed the board that A T & T had withdrawn the same because the district's adjoining landowners are unwilling to grant an easement.

12. Reports:

- a. None

13. Board Discussions:

- a. Trustee Schock mentioned the fact that cities are having trouble controlling salaries and benefits being paid. He also pointed out that our district is not presently facing similar problems.
- b. The board discussed scheduling a special meeting to honor Trustee Melvin Frohrib, deceased, and to ask all of the employees to attend. Manager Blegen will look into scheduling the meeting.
- c. The board discussed the problems related to home foreclosures and mosquito production. Manager Blegen stated that he is looking into aerial surveillance and contacting the board of realtors.

14. Adjournment:

President M. White adjourned the meeting at 8:13 p.m.

Secretary

Lane Gallagher

MANAGER'S REPORT
FOR THE MONTH OF MARCH 2008

District staff inspected 186 sources.

70 locations were treated by ground application, number of acres: 104.93

9 locations were treated by aerial application, number of acres: 656.50

Total acres treated: 1,706.42

Pesticide(s) used for the month were .02 gallons oil and 599.04 pounds dry material and 16.56 gallons liquid concentrate.

61 service requests were received for the month.

Mosquito fish were planted in 13 locations this month.

Manager's Report

On March 7, 2008, I attended the Delta Vision Workshop. The focus was on long term planning for the Delta with an emphasis upon a balance between ecosystem functions and the state's water supply. The Suisun Marsh is considered a part of the ecosystem.

On March 11, 2008, I participated in a statewide West Nile Virus Educator conference call. The dead bird hotline, West Nile virus website and the availability of educational materials were major topics of discussion. The district has received "Fite the Bite" educational materials (posters, brochures, etc.) which we have shared with the Solano County Health Department for distribution purposes.

On March 12, 2008, I attended a Solano County Public Information Network meeting. Network members heard a presentation describing the volunteer Auxiliary Communication Service. It provides another network of communication in emergency situations.

At the request of MVCAC President David Brown, I have taken over the chair of the legislative committee. On March 14, 2008 I participated in a conference call with other committee members. The major topic of discussion was Senate Bill 1326. A copy of the bill is enclosed in your packets. The bill as it now reads is the result of discussions between Senator Ducheny, MVCAC President David Brown and MVCAC legislative advocate Ralph Heim. In its present form it is supported by MVCAC.

On March 25, 2008, I attended the Special District Risk Management Claims/Education Day in Sacramento. The general session provided sexual harassment training. I also attended the liability claims compliance session and the on-line safety training session.

Finally, on March 27, 2008, I attended a MVCAC Legislative Committee meeting in Sacramento. A long list of bills was reviewed and it was decided which should be watched and which were of no significance to MVCAC.

RESOLUTION 08-01

WEST NILE VIRUS AND MOSQUITO & VECTOR CONTROL AWARENESS WEEK

This resolution would declare April 21 through April 25, 2008, West Nile Virus and Mosquito and Vector Control Awareness Week in the Solano County Mosquito Abatement District.

Whereas, In 2007, West Nile virus killed 16 people in California and sickened nearly 380 others; and

WHEREAS, The State Department of Public Health and the Centers for Disease Control predict West Nile virus will again pose a public health threat in California in 2008; and

WHEREAS, Adequately funded mosquito and vector control, disease surveillance and public awareness programs are the best way to prevent outbreaks of West Nile virus and other diseases borne by mosquitoes and other vectors; and

WHEREAS, Educational programs have been developed to include schools, civic groups, private industry, and government agencies, in order to help the public understand how to protect themselves from West Nile virus by: Staying indoors when mosquitoes are most active at dawn and dusk; Wearing pants, long-sleeved shirts and repellents containing DEET; Eliminating standing water that can support mosquito breeding; and; Alerting the local vector control district to significant mosquito infestations; and,

WHEREAS, since it was first detected in Solano County in 2004, the Solano County Public Health, Resource Management and Agricultural Departments, in conjunction with the Office of Emergency Services, animal control agencies and the Solano County Mosquito Abatement District, have effectively responded to the public health threat posed by West Nile virus, and will continue doing so through dissemination of information to the public and control of mosquito production; and,

WHEREAS "West Nile Virus and Mosquito and Vector Control Awareness Week" will highlight the educational programs currently available and increase the public's awareness of the disease and the ongoing coordinated efforts of Solano County, Solano County Mosquito Abatement and various other agencies to protect the residents of Solano County against vector borne diseases; and

WHEREAS, The California State Legislature and the Mosquito and Vector Control Association of California have designated the week of April 21 through April 25, 2008, as "West Nile Virus and Mosquito and Vector Control Awareness Week" in the State of California;

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees that the Solano County Mosquito Abatement District hereby declares that the week of April 21 through April 25, 2008 be designated as West Nile Virus and Mosquito and Vector Control Awareness Week.

1. Go on line to www.preventionlink.com/solanocountymad
2. Click on register on left margin.
3. Complete the Enrollment Questionnaire. Fill in Department with "Board of Trustees" and Job Title with "Trustee".
4. Click on course entitled "CA Local Agency Ethics (AB 1234)" to start the course.
5. The course takes two hours. It will not allow you to fast forward to the quiz.
6. If you wish to complete it in more than one sitting you can do so by clicking on quit and when you login next it will return you to the point where you previously stopped.
7. Print out the certificate of completion and bring it to the next board meeting or mail it to the office so it may be placed in your district file.
8. Contact information is attached if you should run into any problems.

Jon,

Per our discussion, I have just made the following updates to your district's PreventionLink website:

- Added a new department called "Board of Trustees" and a new job title called "Trustee"
- Made the course titled "CA Local Agency Ethics (AB1234)" automatically assigned to all users that select "Board of Trustees" as their department from the registration page.

Please instruct your Trustees to go to www.preventonline.com/web/abaccount/med, click on the "Register" button and complete the registration questionnaire. After signing into their new PreventionLink account they will just need to click on the course title to launch their training course.

Please do not hesitate to contact me or Anna Bolen with any questions. My information is below, and Anna can be reached at 858-376-1614.

Cheers,

Kyle

AMENDED IN SENATE MARCH 26, 2008

SENATE BILL

No. 1326

Introduced by Senator Ducheny

February 20, 2008

An act to amend Sections 2079 and 2082 of the Health and Safety Code, relating to vector control.

LEGISLATIVE COUNSEL'S DIGEST

SB 1326, as amended, Ducheny. Vector control.

Existing law, the Mosquito Abatement and Vector Control District Law, authorizes the establishment of mosquito abatement and vector control districts governed by a board of trustees. The board of trustees is required to provide for regular audits of the district's accounts and records. The law also authorizes the district to levy special benefit assessments to finance vector control projects and programs.

This bill would require the board of trustees to adopt a formal, written response to any irregularities or accounting issues raised in the audit and provide this response to the appointing authority of each member of the board of trustees. The bill would also ~~prohibit the~~ *require the* district ~~from levying before it levies special benefit assessments if the district has an unallocated general reserve that is more than 16% of its annual operating budget for the prior fiscal year to provide specified notice to the appointing authority.~~

By imposing new duties upon a mosquito abatement and vector control district, this bill would constitute a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 2079 of the Health and Safety Code is
2 amended to read:

3 2079. (a) The board of trustees shall provide for regular audits
4 of the district's accounts and records pursuant to Section 26909
5 of the Government Code. If an audit identifies an irregularity or
6 accounting issue, the board of trustees shall adopt a formal, written
7 response and provide this response to the appointing authority of
8 each member of the board of trustees.

9 (b) The board of trustees shall provide for the annual financial
10 reports to the Controller pursuant to Article 9 (commencing with
11 Section 53890) of Chapter 4 of Part 1 of Division 2 of Title 5 of
12 the Government Code.

13 SEC. 2. Section 2082 of the Health and Safety Code is amended
14 to read:

15 2082. (a) A district may levy special benefit assessments
16 consistent with the requirements of Article XIII D of the California
17 Constitution to finance vector control projects and programs, ~~unless~~
18 ~~the district has an unallocated general reserve that is more than 10~~
19 ~~percent of its annual operating budget for the prior year.~~

20 (b) Before beginning a vector control project or program
21 proposed to be financed pursuant to this section, the board of
22 trustees shall adopt a resolution that does all of the following:

- 23 (1) Specifies its intent to undertake the project or program.
24 (2) Generally describes the project or program.
25 (3) Estimates the cost of the project or program.
26 (4) Estimates the duration of the proposed special benefit
27 assessment.

28 (c) After adopting its resolution pursuant to subdivision (b), the
29 board of trustees shall proceed pursuant to Section 53753 of the
30 Government Code. *The board of trustees shall also mail the notice*
31 *described in subdivision (b) of Section 53753 to the appointing*

1 authority of each member of the board of trustees within the
2 timeframe described in that subdivision, except that this notice
3 shall not include the amount chargeable to a specific record
4 owner's parcel. The members of the board of trustees shall make
5 themselves, as well as district staff, available to the appointing
6 authority and the staff of the appointing authority to discuss the
7 proposed special benefit assessment at any time prior to the public
8 hearing described in the notice. The board of trustees shall also
9 notify each appointing authority of this availability.

10 (d) The special benefit assessments levied pursuant to this
11 section shall be collected at the same time and in the same manner
12 as county taxes. The county may deduct an amount not to exceed
13 its actual costs incurred for collecting the special benefit
14 assessments before remitting the balance to the district. The special
15 benefit assessments shall be a lien on all the property benefited.
16 Liens for the assessments shall be of the same force and effect as
17 liens for property taxes, and their collection may be enforced by
18 the same means as provided for the enforcement of liens for county
19 taxes.

20 SEC. 3. If the Commission on State Mandates determines that
21 this act contains costs mandated by the state, reimbursement to
22 local agencies and school districts for those costs shall be made
23 pursuant to Part 7 (commencing with Section 17500) of Division
24 4 of Title 2 of the Government Code.

Good afternoon Jon,
Unfortunately, the property owners behind you are not interested in granting us an easement, therefore, you can disregard our request for your property. We'll have to seek requesting an easement from TAFB.

Thank you very much for your time and consideration. Take Care!

Regards,

Katrina Lemley
